

We are so excited for your student to attend Worldview Academy Leadership Camp this summer. Camp is often a pivotal experience for a student and we are honored you chose Worldview Academy to play a part in their life.

Financial aid to attend Worldview Academy is due to the gracious support of camp families and is available to help fulfill our desire for as many students to experience Worldview Academy Leadership Camp as possible. Although our desire is great, the funds are limited. Consequently, not all who apply will receive financial assistance.

In order to maximize our ability to increase the number of students receiving assistance and to encourage the students to participate in their own "investment" in the camp experience, financial aid is available to help off-set a *portion* of the camp tuition. Our desire is for students to have the opportunity to earn the remaining funds needed.

Only first year students are eligible to receive financial aid. The reason for this is that after experiencing camp, alumni students are encouraged to actively invest in the following year's experience. In addition, alumni students have already been offered the best possible rate of camp through the Early Bird Rate. For helpful fundraising ideas, please request our "Guide to Raising Your Tuition".

If you are interested in applying for financial aid, please read the following policies very carefully. As stated earlier, only first year students are eligible to receive financial aid. Worldview Academy is able to offer up to \$200 in financial aid per eligible student.

Financial aid recipients are chosen by the Worldview Academy Financial Aid Committee. The Financial Aid Committee will use the following criteria in selecting recipients: student's financial need, student's leadership experience, and student's plan for raising the remaining camp tuition. The Financial Aid Committee will not take into consideration the applicant's race, color, religious creed, ancestry, national origin, age, or gender.

Financial aid will be awarded on a "first come, first serve" basis. A student must be registered for camp in order to apply for Financial Aid. If multiple students from the same family are applying, individual applications are required. Applications may be submitted to:

Worldview Academy Financial Aid Committee  
P.O. Box 2918
