Welcome to Worldview Academy!

Thank you for your interest in attending a Worldview Academy Leadership Camp. Worldview Academy is often a pivotal experience in a student’s life. The Worldview Academy Scholarship Fund is due to the gracious support of camp families and has been established to help fulfill our desire for as many students to experience Worldview Academy Leadership Camp as possible. Although our desire is great, the funds are limited. Consequently, not all who apply will receive financial assistance.

In order to maximize our ability to increase the number of students receiving assistance and to encourage the students to participate in their own “investment” in the camp experience, we do not give full scholarships, but rather partial assistance so that the student has the opportunity to earn the remaining funds needed. In addition, only first year students are eligible to receive scholarships. The reason for this is that after experiencing camp, alumni students are encouraged to actively invest in the following years’ experience. In addition, alumni students have already been offered the best possible rate of camp through the Early Bird Rate. For helpful fundraising ideas, please request our “Guide to Raising Your Tuition”.

If you are interested in applying for a scholarship, please read the following policies very carefully. As stated earlier, only first year students are eligible to receive a scholarship. Scholarship money in combination with any applicable discounts may not exceed half of the camp tuition. Each student can only receive one scholarship. At each Worldview Academy Leadership Camp across the country, there are only ten scholarships available for a maximum of $150 each. Please note that no more than ten students per camp location will receive this scholarship. There are three camp locations that are exceptions to this policy: Michigan, San Diego and Florida. At these three locations, a student may receive up to a half scholarship. In addition, at these three locations, there is no limit to the number of scholarships available to our students. In this way we seek to make it possible for all students to attend a Worldview Academy Leadership Camp.

Scholarship recipients are chosen by the Worldview Academy Scholarship Committee. The Scholarship Committee will use the following criteria in selecting recipients: student's financial need, student's leadership experience, and student's plan for raising the remaining camp tuition. The Scholarship Committee will not take into consideration the applicant’s race, color, religious creed, ancestry, national origin, age, or gender.

All students interested in receiving a scholarship must complete the following application and submit it to Worldview Academy by May 1, 2017. If multiple students from the same family are applying, individual applications are required. All students receiving aid will be notified by May 15, 2017. If you are applying for a Fall Camp, the deadline for submission is September 1, 2017. All applications can be sent to:

Worldview Academy Scholarship Committee
